Exercising Access, Data Portability, Limitation and Deletion Rights

To exercise the access, data portability, and deletion rights described above, please submit a request to us by:

- Sending an email to ny.infosec@bbva.com with the subject **"CPRA Request"**.

The verifiable consumer request must:

- Provide sufficient information to allow us to reasonably verify you are the person about whom we collected Personal Information or an authorized representative.
- Describe your request with sufficient detail to allow us to properly understand, evaluate, and respond to it.

Only you or a person who you authorize to act on your behalf may make a verifiable consumer request related to your Personal Information. Under California law, you may designate an authorized agent to make a request on your behalf. Your agent may be subject to the same verification procedures that we use to verify consumers who do not currently have a relationship with us. Additionally, we may require you to verify your own identity in response to a request, even if you have chosen to use an agent, and ask that you directly confirm to us that you have provided the authorized agent permission to make a request on your behalf. The foregoing shall not apply if you have provided your authorized agent with a power of attorney pursuant to Probate Code sections 4121 to 4130 and either you or your agent are able to provide us with a copy of such document.

You may also make a verifiable consumer request on behalf of a minor child for whom you are an authorized parent or guardian; however, note that in connection with your assertion of such rights on behalf of a minor child, we may require that you submit a signed declaration under penalty of perjury confirming that you are an authorized parent or guardian of such minor child.

Verifying Your Request

We cannot respond to your request or provide you with Personal Information if we cannot verify your identity or authority to make the request and confirm the Personal Information relates to you. Making a verifiable consumer request does not require you to create an account with us. We will only use Personal Information provided in a verifiable consumer request to verify your identity or authority to make the request. We may otherwise limit our response to your request as permitted under applicable law.

Whenever feasible, we will match the identifying information provided by you to the Personal Information we maintain, or use a third-party identity verification service that complies with the CCPA/CPRA. However, if we cannot verify your identity from the Personal Information that we maintain, we may request additional information from you, including, inter alia, that you submit a signed declaration under penalty of perjury that you are the consumer whose personal information is the subject of your request. Any additional information so submitted shall only be used for the purposes of verifying your identity.

If we have a good faith, reasonable, and documented belief that a consumer request made by you or on your behalf by an agent is fraudulent or abusive, we may deny the request. In such an event, we will inform you of the denial and provide an explanation.

Response Timing and Format

We endeavor to respond to a verifiable consumer request within 45 calendar days of its receipt. If we require more time (up to 90 calendar days), we will inform you of the reason and extension period in writing. We will deliver our written response by mail or electronically, at your option. The response we provide will also explain the reasons we cannot comply with a request, if applicable. For data portability requests, we will select a format to provide your Personal Information that is readily usable and should allow you to transmit the information from one entity to another entity without hindrance.

We do not charge a fee to process or respond to your verifiable consumer request unless it is excessive, repetitive, or manifestly unfounded. As such, if we determine that the request warrants a fee, we will tell you why we made that decision and provide you with a cost estimate before completing your request.

If we deny your request in whole or in part, we shall explain the basis for denial, including any conflict with federal or state law, exception to the CCPA/CPRA, inadequacy in the required documentation, or contention that compliance proves impossible or involves a disproportionate effort with sufficient details to provide you with a meaningful understanding.
